

# SupplyLocker

PRODUCT-LEVEL CONTROL  
FOR CONSUMABLES,  
RETURNABLE MATERIALS  
AND ASSETS

SupplyLocker® is the industrial solution to manage consumable and returnable tools, supplies and other assets. It allows you to stock what you need when and where you need it providing clear visibility and transparency on all levels.

## SUPPLYLOCKER DELIVERS

- Individual door control according to usage requirements, such as whether the item is returnable or not, loan periods for check-in/check-out, automated lock-down, employee access, etc.
- Full usage audit trails — see item, who used it and where it was used
- High capacity storage in a small footprint

## FEATURES

- Secure storage for 15 items
- Available as an auxiliary only. Up to 3 SupplyLocker's can be connected to other SupplyPro® devices
- LED lighting for enhanced product visibility
- Make equipment, including laptops and peripherals, available to specific users
- Control assets that need calibration or inspection
- Monitor calibration status and lock down tools by either number of uses, number of days, due date — or any combination thereof
- Users can lock down tools that are not reusable and a notification is sent to management for repair
- A full audit history by asset and user

## APPLICATIONS

Laptops • Abrasives • Adhesives • Sealants • Gauges  
Maintenance Supplies (MRO) • Welding Supplies • Security Items  
Calibrated Instruments & Tools • Rechargeable Items • Meters  
Personal Protective Equipment (PPE) • Instrumentation Devices & more!

Install as an auxiliary (up to 3 lockers)  
with other SupplyPro devices with the  
exception of SupplySystem®
